FARO 3D LASER SCANNING SERVICES

3D Laser Scanning Capability Using the FARO Focus Scanner

- 3D dimensional inspection
- Due to the extra long range of the Focus S70, all dangerous or difficult-to-access objects can be easily scanned and analyzed.
- Precise geometrical recording of existing properties as the basis for conversions or AutoCAD
- Precise creation of Revit models from scan data
- Immediate processing of all data in all commonly used CAD programs
- Complete 3D information of the as-built conditions

PIC uses the latest cutting-edge technology to bring you superior service:

Inventor

WardJET

AutoCAD
